

ECO-LOGIC ANNOUNCE ADDITIONS TO COMPACT RANGE

Building on the success of the ECO-Logic Compact Thermostatic Shower, this unique range has now been extended to include Bath and Basin packages.

The Compact range combines quality thermostatic temperature adjustment with state-of-the-art digital electronic control. The integral Thermostatic Mixing Valve is supplied with 15mm or 22mm connections and satisfies D08 NHS requirements. The secure sensor plate can house three robust Touch Sensors providing fixed or flexible run times and the handwheel includes anti-vandal, anti-ligature designs, or an easy-to-use stub lever grip.

The Compact Range offers:

- Safe Temperature adjustment
- Extensive run time choices with auto-stop
- Anti-tamper cut outs & restart delays
- Remote lockouts & BMS Links

The ECO-Logic Compact range is ideal for installation into offsite modular assemblies and en-suite bathrooms where space is at a premium.
